ART WORLD – GRASLAND

Meadows, hills and stones

TOBIAS POST

As of November 1, 2026 · Document 2026.11.005

SUMMARY

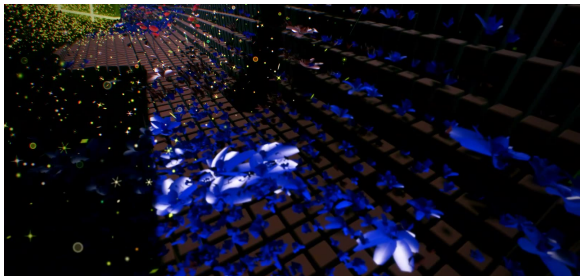

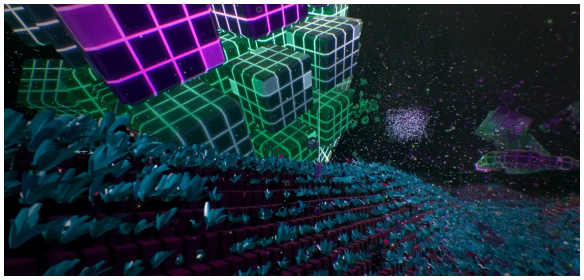

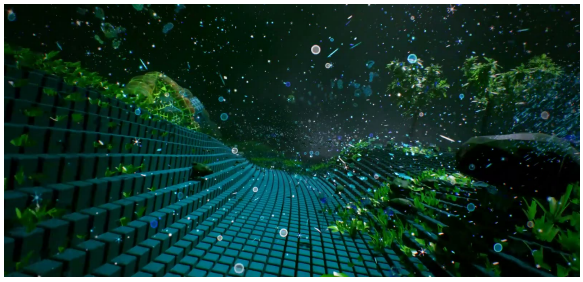

A wide grassland of dense tussocks, fields of flowers and stones on a ground made of columns. The flight skims low over the meadow; sculptures stand as monuments in the landscape.

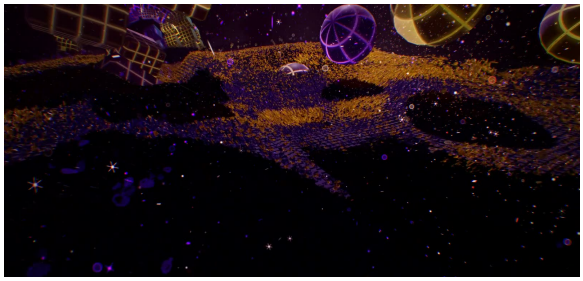

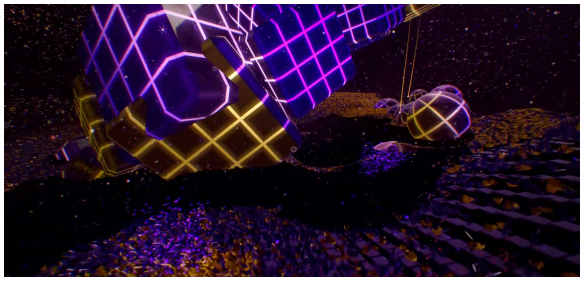

BACKGROUND

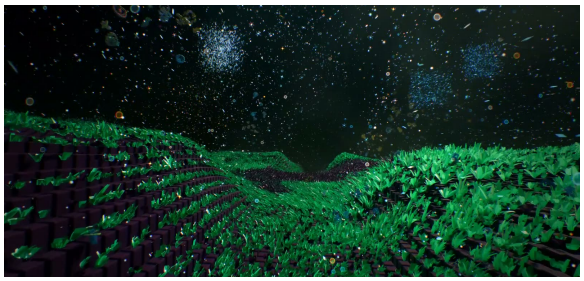

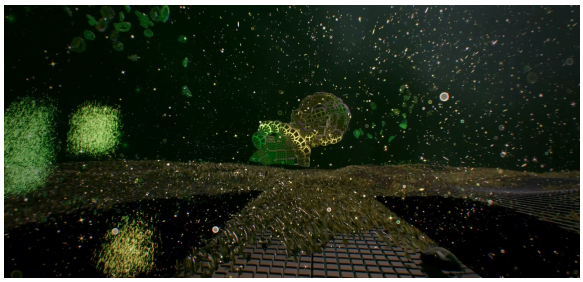

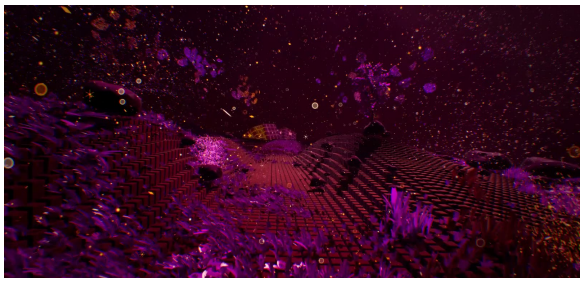

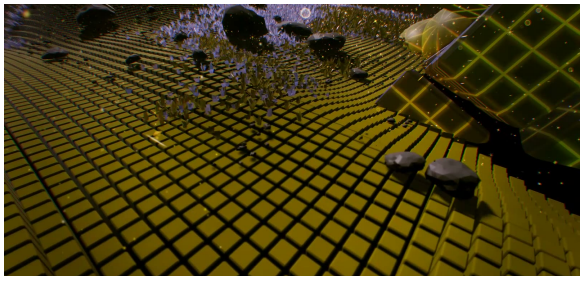

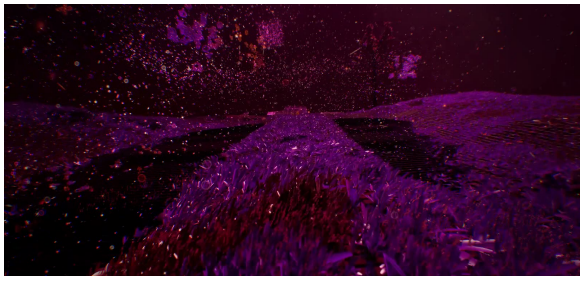

This work belongs to the Art World series, the figurative side of the Studio: an endless flight through living worlds in which the sculptures of the Sculpt series stand. The series is described under “Art World – Urwald”, its first work.
