IN BREVE

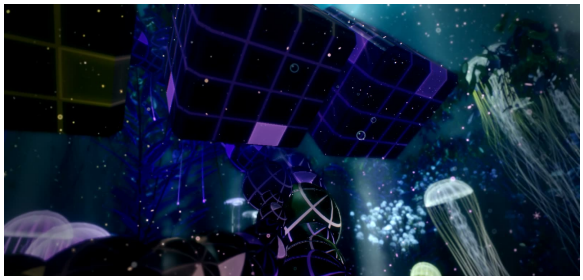

Vicinissimi a grandi meduse: ombrelle pulsanti, gelatina vitrea con canali e gonadi, braccia orali increspate, tentacoli con nodi urticanti e impulsi di luce – in un tranquillo rallentatore.

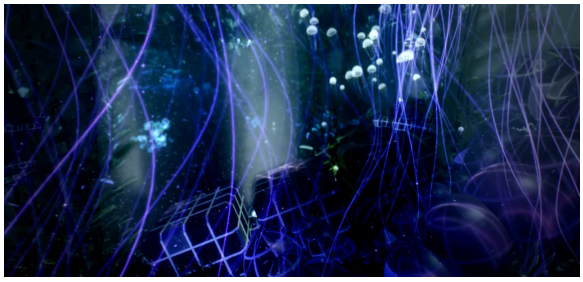

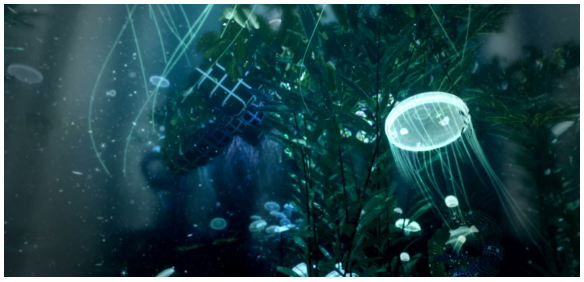

CONTESTO

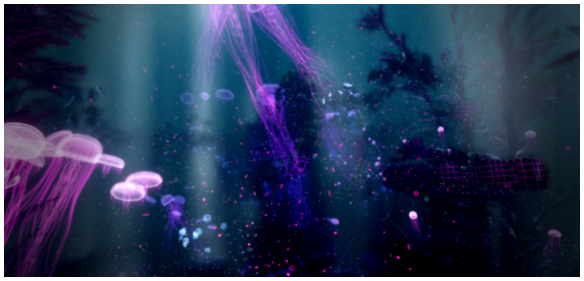

L’opera appartiene alla serie Art World Water, un volo attraverso un mare infinito di luce in cui fluttuano meduse dai tentacoli luminosi e stanno le sculture della serie Sculpt. La serie è descritta in «Art World Water – Quallenvorhang», la sua prima opera.
